

25kg Food Additives Raw Material White Sarcosine Powder CAS 107-97-

1

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: KHD
- Model Number: 107-97-1
- Minimum Order Quantity: 1kg
- Price: Please consult customer service
- Packaging Details: 1kg/bag, 25kg/drum
- Delivery Time: 2-5 days
- Payment Terms: T/T, Western Union, Bitcoin
- Supply Ability: 10000kg/Day

Product Specification

- Appearance: Powder
- CAS: 107-97-1
- Color: White
- Brand Name: Kaihuida
- Purity: 99%
- Specifications: 1kg/bag, 25kg/Drum
- Highlight: **25kg Food Additives Raw Material, Sarcosine Food Additives Raw Material, 25kg Sarcosine Powder**

Product Description**Food Additives Raw Material CAS 107-97-1 Sarcosine White Powder****Product Details**

Product Name	Sarcosine
CAS NO.	107-97-1
Appearance	White Powder
Purity	99%
Melting point	208-212 °C (dec.)(lit.)
Boiling point	165.17 °C
Density	1.1948
Refractive index	1.4368
Application	Biochemical reagents; medical raw materials; pharmaceutical intermediates; nutrition enhancers; organic intermediates; organic chemical raw materials
Chemical Structure	
Usage	<ol style="list-style-type: none"> 1. Industrial dyestuff stabilizers, daily chemicals used in amino acid surfactants, recently became the main raw material for the production of fatigue recovery agent for health care drugs-creatine water, synthesis of anti-enzyme agents, and biological reagents. 2. Creatine can improve people's intelligence, especially for occasions such as student examinations that require "temporary improvement of intelligence". 3. Supplementing sarcosine can increase muscle anaerobic strength and explosive power. Creatine phosphate exists in muscles in the form of creatine phosphate. The human body mainly relies on ATP to provide energy during high-intensity exercise. However, the body's ATP reserves are small and need to be continuously synthesized. Creatine phosphate can promote the synthesis of ATP. 4. Prevent damage caused by brain damage. 5. Creatine can effectively improve sports performance, strength, and recovery time
Storage	Normal Temperature
