

Food Additive 99% Amino Acid L-Isoleucine Powder CAS 73-32-

5

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: KHD
- Model Number: 73-32-5
- Minimum Order Quantity: 1kg
- Price: Please consult customer service
- Packaging Details: 1kg/bag, 25kg/drum
- Delivery Time: 2-5 days
- Payment Terms: T/T, Western Union, Bitcoin
- Supply Ability: 10000kg/Day

Product Specification

- Appearance: Powder
- CAS: 73-32-5
- Color: White Powder
- Brand Name: Kaihuida
- Purity: ≥99%
- Specifications: 1kg/bag, 25kg/Drum
- Highlight: **Food Grade L-Isoleucine Powder,
99% Amino Acid L-Isoleucine Powder,
CAS 73-32-5 Food Additive**

Product Description**Food Additive 99% Amino Acid L-Isoleucine CAS 73-32-5 Isoleucine Powder L-Isoleucine****Product Details**

Commodity Name	L-Isoleucine
CAS No.	73-32-5

L-Isoleucine is one of the essential amino acids that cannot be made by the body and is known for its ability to help endurance and assist in the repair and rebuilding of muscle.

Isoleucine is one of nine essential amino acids in humans (present in dietary proteins), also essential for the production and formation of hemoglobin and the production of red blood cells. It is, therefore, an important amino acid in the process of recovery from blood loss or anemia.

Also, it is one of the branched-chain amino acid (BCAA)

Leucine, isoleucine, and valine (another amino acid) are grouped together as branched chain amino acids or BCAAs. All BCAAs are essential to human life. They are needed for the physiological response to stress, in energy production, and particularly for the normal metabolism and health of muscle. These branched-chain amino acids also tend to be popular in bodybuilders and other people who focus on building physical strength, because the intake of BCAAs can reduce muscle loss and provide faster muscle recovery.

Hot-sale Products

Feed Additive	
Product Name	CAS No.
L-Isoleucine	73-32-5
D(+)-Tryptophan	153-94-6
DL-Methionine	59-51-8
