

Custom Weight Loss Peptide 99% Purity Mots-C Powder CAS 1627580-64-6 Mots-C Peptide

Our Product Introduction

for more products please visit us on intermediateschemicals.com

Basic Information

- Place of Origin: China
- Brand Name: KHD
- Model Number: 1627580-64-6
- Minimum Order Quantity: 1g
- Price: Please consult customer service
- Packaging Details: 1kg/bag, 25kg/drum
- Delivery Time: 2-5 days
- Payment Terms: T/T, Western Union, Bitcoin
- Supply Ability: 10000kg/Day

Product Specification

- Color: White Powder
- Brand Name: Kaihuida
- Form: Powder
- Highlight: Custom Weight Loss Peptide,
99% Purity Mots-C Powder,
CAS 1627580-64-6 Mots-C Peptide

Product Description**Custom Weight Loss Peptide 99% Purity Mots-C Powder CAS 1627580-64-6 Mots-C Peptide****Product Details**

Product name	MOTS-C
Appearance	White powder
Purity	99%
Storage	Keep in a cool, dry, dark location in a tightly sealed container or cylinder.
Shelf Life	24 Months

Description

MOTS-C is a relatively new peptide of 16 amino acids that promote metabolic balance. It regulates metabolic functions throughout the body. For instance, it turns glucose into usable energy.

The DNA in the cell nucleus encodes most peptides. But, the mitochondria's DNA encodes MOTS-c making it unique among peptides. Research by the University of Southern California found this peptide may help fight weight gain and normalize metabolism - similar to effects mostly linked with exercise.

In mouse studies, the peptide aided glucose metabolism, even when the mice ate a high-fat diet.

These initial studies could indicate improved blood sugar control for those with obesity and type 2 diabetes.

Application&Function

Truthfully, the best MOTS-C dose for enhanced fat loss and better endurance is still up in the air.

here's various protocols that have been suggested by some of the top peptide experts in the world:

Ben Greenfield in his book Boundless: 10 mg of MOTS-C injected once a week, ideally right before endurance exercise for the added mitochondrial benefit, can be repeated for up to 10 weeks in a row every year.

Dr. William Seeds in his book Peptide Protocols, Volume 1: 5 mg of MOTS-C injected subcutaneously 3 times per week on a Monday-Wednesday-Friday schedule for 4-6 weeks, followed by a once-a-week dose of 5 mg for 4 weeks.

Dr. Rob Kominiarek: 10 mg of MOTS-C injected subcutaneously into the abdomen once a week for 4 weeks straight, followed by a second 4-week cycle within a 12 month period.

Company Profile

Jiangsu Kaihuida New Material Technology Co., Ltd. is a scientific and technological company engaged in the development, production and operation of chemical products.

Our main products: Pharmaceutical intermediates, Food additive, Flavor, Organic intermediate, Cosmetic materials, Chemical Raw materials, Daily chemicals, Dye intermediate, Disinfectant, and other products.

Our main sales market: the United States, Canada, Mexico, Australia, the United Kingdom, France, Germany, Italy, South Korea, the Netherlands, Sweden, Spain, Switzerland, Colombia and other countries and regions.

Jiangsu Kaihuida New Material Technology CO., Ltd was founded in 2010. We are a manufacturer and trader in China, with 12 years of experience in the export of chemical and pharmaceutical raw materials.

1. Reasonable and competitive price. Provide the best and professional service. Provide the best and professional service is our purpose.

2. Reliable shipping way. Door to door service, guarantee 100% delivery for you.

We have our own shipping agent in each country, we have special lines to your country, you no need do anything. Will finish all the customs clearance at our side, customers are without any customs issues, door to door delivery.

3. To below countries, we are very familiar and regular.

UK, USA, Canada, Russia, Ukraine, Kazakhstan, Belarus, Germany, Poland, Sweden, the Netherlands, Australia, Spain, Mexico, Poland and so on. All are without problems.

Packing And Delivery

Packing

Liquid, Iron Drum or Plastic Drum

Express
